

Parthenon Management Group recognizes the importance in incorporating sustainability into our business model & our partnerships. Within our office space, we are encouraging personal responsibility & accountability for green choices. Working with our meeting partners we are communicating and prioritizing our commitment to sustainability initiatives.

HOW YOU CAN BE GREEN AT THE MEETING

Recycle your name badge at the end of the meeting. There will be a bowl at the registration desk.

Recycle your bottles, boxes, & plastics from meals. Drop them into the recycle bins around the area.

Make sure and recycle all extra paper you have! A little step goes a long way!

Have non-perishable food items left? Drop them into bowls & the items will be left for other attendees to grab.

WHAT STEPS ARE WE TAKING

Offer paperless options such as a conference app, digital program book, QR codes, e-tickets, online evaluation forms, & other solutions

Upcycle & recycle meeting materials such as badges, lanyards, signage and other supplies

Partner with a knowledgeable resource to offer a carbon offset program to meeting attendees
